Budget note

Note 1: PTSA collects money from the Back to School major ask. Revenues are then shared with the school via grants. The school share is xx% while the PTSA retains xx%. This budget gives, via the School Services grant, funds to the school to cover areas that have been previously funded by PTSA such as Library, Teacher and Team grants, Community Kitchen and Student Aid.

Note 2: Within the Back to School ask, there is a specific line for donors to give to the Foundation. PTSA will transfer this amount to the Foundation. The amount in the budget is an estimate of the amount we might collect however the PTSA can only transfer the actual amount donated by BSA donors.
